Q1. Draw an open figure with the below mentioned conditions:

## Conditions:

1. 3 sides that are straight lines.
2. 5 sides that are curved lines.
3. 7 sides that include straight as well as curved lines.
4. 6 sides that include 4 straight and 2 curved lines.

Q2. Draw a closed figure with the below mentioned conditions:

## Conditions:

(1) 4 sides that are straight lines.
(2) 6 sides that are curved lines.
(3) 8 sides that include straight as well as curved lines.
(4) 6 sides that include 2 straight line and 4 curved lines.

Q3. True or false:
(i) The given figure is a simple closed figure.

(ii) The given figure is a simple closed figure.

(iii) The given figure is an open figure.
