Chapter The Bond of Love (Prose)

(Revision Practice worksheet)

DATE:- 08/02/2021,

Instructions to be followed:-

- 1. From now onwards students do your worksheets in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shops have already opened. So you can purchase it.***
- 2. All the students must complete their worksheets as periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.***
- 3. Read each and every topic (which will be given in worksheets) of the chapters from NCERT books.***
- 4. All the students must purchase NCERT books as it will help you to understand the chapters.***
- 5. If you have any query related to worksheet, ask your queries in whatsapp group between 8:00 am to 03:00pm.***

The Bond of Love Extra Questions and Answers

Question 1.

How did the author get the baby sloth bear?

Answer:

The author got the baby sloth bear in a freak accident. Once the author and his friends were passing through the sugarcane fields near Mysore, Bruno's mother was wantonly shot dead by one of his companions. The cub was found moving on the body of his mother. It was in great shock and tried to flee but the author managed to capture it, and bring it home.

Question 2.

Why did the author not kill the sloth bear when she appeared suddenly?

Answer:

Being kind-hearted, the author did not kill any animals without any motive or provocation.

As the sloth bear had not provoked or attacked him, he did not kill it. That is why he describes his companions shooting of her a wanton act.

Question 3.

Why did one of the author's companions kill the bear?

Answer:

One of the author's companions killed the bear wantonly, in a moment of impulsive rush of blood. He may have thought the bear would attack them and he may have shot it as an impulsive act born of self-preservation.

Question 4.

How did the author capture the bear cub?

Answer:

When the bear cub's mother was shot, it ran around its prostrate parent making a pitiful noise. The author ran up to it to attempt a capture. It scooted into the sugarcane field. Following it with his companions, the author was at last able to grab it by the scruff of its neck and put it in a gunny bag.

Question 5.

How did the author's wife receive the baby sloth bear?

Answer:

The author's wife was extremely happy to get the baby sloth bear as a pet. She put a coloured ribbon around his neck and named him Bruno.

Question 6.

How was Bruno, the baby bear, fed initially? What followed within a few days?

Answer:

Initially, the little Bruno was given milk from a bottle. But soon he started eating all kinds of food and drank all kinds of drinks. He ate a variety of dishes like porridge, vegetables, nuts, fruits, meat, eggs, chocolates etc., and drank milk, tea, coffee, lime-juice, buttermilk, even beer and alcoholic liquor.

Question 7.

"One day an accident befell him". What accident befell Bruno?

Answer:

One day Bruno ate the rat poison (barium carbonate) kept in the library to kill rats. The poison affected his nervous and muscular system and left him paralysed. He rapidly became weak, panted heavily, vomited, and was unable to move.

Question 8.

How was Bruno cured of paralysis?

Answer:

Bruno had mistakenly consumed poison and had got paralysed. However, he managed to crawl to the author's wife on his stumps. He was taken to the veterinary doctor who and injected 10 cc of the antidote into him. The first dose had no effect. Then another dose was injected which cured Bruno absolutely. After ten minutes of the dose, his breathing became normal and he could move his arms and legs.

Question 9.

Why did Bruno drink the engine oil? What was the result?

Answer:

Once the narrator had drained the old engine oil from the sump of his car and kept it to treat termites. Bruno, who would drink anything that came his way, drank about one gallon of this oil too. However, it did not have any effect on him.

Question 10.

What used to be Bruno's activities at the author's home?

Answer:

In the beginning, Bruno was left free. He spent his time in playing, running into the kitchen and going to sleep in our beds. As he grew older, he became more mischievous and playful. He learnt to do a few tricks, too. At the command, 'Baba, wrestle', or 'Baba, box,' he vigorously tackled anyone who came forward for a rough and tumble. If someone said 'Baba, hold gun', he would point the stick at the person. If he was asked, 'Baba, where's baby?' he immediately produced and cradled affectionately a stump of wood which he had carefully concealed in his straw bed.

Question 11.

How did Bruno become attached to the family of the author?

Answer:

Bruno got lot of love in the family of the author and he grew very fond of them. It slowly got attached even to the two Alsatian dogs and to all the children of the tenants. But, above all, he loved the author's wife and she loved him dearly too.

Question 12.

How did Bruno come to be called 'Baba'?

Answer:

Bruno came to be called 'Baba' which in Hindustani means a 'young boy' after the narrator's wife developed a special bond of affection for him. She loved him as she loved her son and started calling him 'Baba'.

Question 13.

What kind of tricks did Bruno, the pet bear, do?

Answer:

Bruno was mischievous and played a lot of tricks. When he was called to wrestle, he would vigorously tackle anyone who came forward. When asked to hold the gun, he pointed a stick at the person. On being asked where the baby was, he brought out a stump of wood and cradled it as if it were a baby.

Question 14.

Why had Bruno to be kept in chains most of the time?

Answer:

Bruno had grown up very fast. Therefore, it was felt that it could be dangerous to let him move about freely around the children of the tenants. Therefore, it was decided to keep Bruno in chains.

Question 15.

Who advised the author's wife to send Bruno to a zoo and why? What was her reaction?

Answer:

The narrator, his son and even some friends advised the author's wife to send Bruno to a zoo because he was now too big to be kept at home. They felt he may become a danger to children. But she loved the pet bear so deeply that she could not accept the proposal readily. It took her three weeks to make up her mind and give her consent.

Question 16.

Bruno was a loving and playful pet. Why, then, did he have to be sent away?

Answer:

Bruno was certainly a loving and playful pet. He had developed affection for everyone around him and was particularly attached to the author's wife. However, he had to be sent away to the zoo because he had grown too big to be kept at home. He could be a threat to the people in the neighbourhood, especially children.

Worksheet-69
Class-IX
Subject- Information Technology

Date:-8.2.21

Instructions to be followed:-

- 1:- From now onwards students do your worksheet in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shop have already opened. So, you can purchase it.
- 2:- All the student must complete their worksheets as Periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.
- 3:- Read each and every topics (which will be given in worksheets) of the chapters from NCERT books.
4. All the students must purchase NCERT books as it will help you to understand the chapter.
- 5:- If you have any query related to worksheet, ask your queries in WhatsApp group between 8:00 am to 3:00 pm.

Revision worksheet

Do questions and answers

Q.1 Define five functions of you tube?

Q.2 Why self-management skills are important in our daily life? Write 4 points.

Q.3 How can you conserve wildlife resources? Mention five points.

Q.4 Write commands for the operations (a) to (c) based on the spreadsheet shown:

	A	B	C	D	E	F	G	H
1	Name	Basic	HRA	DA	PF	Other Deduction	Gross	Net Salary
2	Mr. Surinder	17600.00			1760.00			
3	Ms. Kanika	18500.00			1850.00	1200.00		
4	Ms. Simran	18400.00			1840.00	2200.00		
5	Mr. Aashish	17800.00			1780.00			
6	Mr. Abhijit	16000.00			1600.00	1000.00		
7	Ms. Jyoti	16800.00			1680.00			
8	Mr. Anurag	18000.00			1800.00	2500.00		

- (a) To calculate the HRA as 25% of BASIC and DA as 50% of BASIC+HRA for all employees in the table.
- (b) To calculate the Gross as Basic + HRA + DA for all employees in the table.
- (c) To compute Net Salary = Gross – (Other Deduction + PF) for all employees in the table.

Note: - First learn all questions/answers then do answer all of these questions yourself in notebook.

PRACTICE WORKSHEET-67**SUBJECT – MATHEMATICS****CLASS – X****SESSION - (2020-21)****Instructions to be followed: -**

1: -From now onwards students do your worksheets in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shops have already opened. So, you can purchase it.

2: - All the students must complete their worksheets as Periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.

3: - Read each and every topic (which will be given in worksheets) of the chapters from NCERT books.

4: - All the students must purchase NCERT books as it will help you to understand the chapter.

5: - If you have any query related to worksheet, ask your queries in WhatsApp group between 8:00 am to 3:00 pm.

1. Find all possible values of a for which the distance between the points $A(a, -1)$ and $B(5, 3)$ is 5 units.
2. If the point $A(0, 2)$ is equidistant from the points $B(3, p)$ and $C(p, 5)$, find the value of p .
3. Find the point on the x -axis which is equidistant from the points $(-2, 5)$ and $(-2, 9)$.
4. If the point $P(x, y)$ is equidistant from the points $A(5, 1)$ and $B(-1, 5)$, prove that $3x = 2y$.
5. Prove the following identity:

$$\sin^2 \theta + \frac{1}{(1 + \tan^2 \theta)} = 1$$

6. Prove the following identity:

$$(1 + \cos \theta)(1 - \cos \theta)(1 + \cot^2 \theta) = 1$$

7. Prove the following identity:

$$\frac{1}{(1 + \sin \theta)} + \frac{1}{(1 - \sin \theta)} = 2 \sec^2 \theta$$

8. If $(\sin \theta + \cos \theta) = \sqrt{2} \cos \theta$, show that $\cot \theta = (\sqrt{2} + 1)$.
