-

Q3) ANSWERS:-

3. Read the bill for the sports items Ridhan buys from a store and answer the questions based on it.

Date: 03/06/17

Style Sports				
	Name of the item	Price per item (in ₹)	Quantity	Price (in ₹)
1.	Hockey stick	150	4	600
2.	Tennis ball	35	7	245
3.	Tennis net	270	2	540
4.	Stopwatch	410	3	1,230
Total amount				2,615

- (a) What is the total cost of hockey sticks and stopwatches?
- (b) What is the cost of 2 hockey sticks and 4 tennis balls?
- (c) The cost of 2 stopwatches is the same as the cost of 5 hockey sticks. Is this statement true or false?
- (d) Rajeev goes to the same store and buys 11 tennis balls and 5 hockey sticks. What is the total amount he needs to pay?
- (e) What is the difference between the cost of 2 tennis nets and 1 stopwatch?

MONEY

ANSWER:-

a) Cost of hockey stick = 600

Cost of stopwatches = 1230

Total amount = Rs1230 + Rs600

= Rs 1830

b) Cost of 1 hockey sticks = Rs 150

Cost of 2 hockey sticks = 150×2

= Rs 300

Cost of 1 tennis balls = Rs 35

Cost of 4 tennis balls = 35×4

= Rs 140

Total amount = Rs300 + Rs140

=Rs440

c) Cost of 1 stopwatches = Rs410

Cost of 2 stopwatches = 410×2

= Rs820

Cost of 1 hockey sticks = Rs150

Cost of 5 hockey sticks = 150×5

= Rs750

The statement is false because the cost of 2 stopwatches is not same as the cost of 5 hockey sticks.

d) Cost of 1 tennis balls = Rs35

Cost of 11 tennis balls = 35×11

= Rs385

Cost of 1 hockey sticks = Rs150

Cost of 5 hockey sticks = 150×5

= Rs 750

Total amount = Rs 750 + Rs 385

= Rs 1135

e) Cost of 1 tennis nets = Rs 270

Cost of 2 tennis nets = 270×2

= Rs 540

Cost of 1 stopwatch = Rs410

= Rs 540 – Rs 410

= Rs 130
