Chapter 8 A house Is Not a Home (Moment)

(Revision Practice worksheet)

DATE:- 28/01/2021,
Instructions to be followed:-

1. *From now onwards students do your worksheets in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shops have already opened. So you can purchase it.*
2. *All the students must complete their worksheets as periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.*
3. *Read each and every topic (which will be given in worksheets) of the chapters from NCERT books.*
4. *All the students must purchase NCERT books as it will help you to understand the chapters.*
5. *If you have any query related to worksheet, ask your queries in whatsapp group between 8:00 am to 03:00pm.*

Chapter 8 A House is Not a Home

NCERT Textbook Questions Answers

Question 1.
What does the author notice one Sunday afternoon? What is his mother's reaction? What does she do?
Answer:
The author, while doing his homework noticed the smoke pouring in through the seams of the ceiling. The room was filled with the smoke very quickly. The author and his mother ran outside to save their life. His mother ran out of the house with a small metal box full of important documents. She became so crazy that she rushed back to the house just after dropping the box.

Question 2.
Why is the author deeply embarrassed the next day in school? Which words show his fear and insecurity?
Answer:
The author was full of remorse as he was left with nothing. He didn't have proper dress and study material. He had no backpack. He had the feeling of insecurity. All things appeared strange to him. He was shocked deeply and seemed frustrated. The words uttered by him "Was I destined to be an outcast and a geek all my life? I didn't want to grow up, change or have to handle life, if it was to going to be this way. I just wanted to curl up and die" reveal his fear and insecurity.

Question 3.
The cat and the author are very fond of each other. How has this been shown in the story? Where was the cat after the fire? Who brings it back and how?
Answer:
The author loved his cat very much. He never considered her far from him. She kept sitting beside him when he did his homework and other household work. When the author found his cat back, his happiness was beyond the limits. He grabbed her quickly and felt relieved. This proved that they were very fond of each other.

The cat ran over a mile away when the house was on fire. A stranger lady brought it back as there was a phone number written on the collar of the cat.

Question 4.
What actions of the schoolmates change the author's understanding of life and people, and comfort him emotionally? How does his loneliness vanish and how does he start participating in life?
Answer:
His schoolmates bought up school supplies, notebooks, all kinds of different clothes for the author in order to help him. It was a matter of surprise and too difficult to believe for him. He got emotional satisfaction. People who had never spoken, introduced themselves one by one. All things seemed new and created his interest in life. Now, he had all the things whatever he used to have. He started enjoying his life as usual.

Question 5.
What is the meaning of "My cat was back and so was I"? Had the author gone anywhere? Why does he say that he is also back?
Answer:
Here the author wants to point out that life without affection is useless. He was depressed after a great loss in all fields. His old school and teachers were always in his mind. The fire had reduced his house to ashes. His cat was also not with him. In such circumstances he considered himself dead and had no interest in life.

In the end as soon as the conditions took the turn he felt relieved. Now he had all the things with him. The author had not gone anywhere. It was his state of mind. He recovered from this gloomy state and started enjoying life when he got his cat back.

Question 6.
Have any of your classmates/schoolmates had an experience like the one described in the story where they needed help? Describe how they were helped.
Answer:
Two years ago, my friend Raju visited the market to buy some household things. It was a crowded market and a shop caught fire due to short circuit. The panic-stricken people rushed here and there. My friend too was trying to leave that place. He with three people got himself locked in a nearby shop to escape from smoke. But the shop was filled with smoke within a little span of time. They felt suffocated by the fumes. They considered that their end was near. In the meantime, a team of an NGO broke open the shutter and took them out of the shop. They were hospitalised quickly. I could get my friend back because of the team and the grace of God.

Question 7.
Why does he break down in tears after the fire?
Answer:
The author's house was completely burned down. Five hours later when the fire was finally put out, he realised at once that his cat was nowhere. He had to face the loss of old school, his house and cat. In such a state, he cried and broke down in tears.

Subject- Information Technology

Date:-28.1.21

Instructions to be followed:-

1:- From now onwards students do your worksheet in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shop have already opened. So, you can purchase it.
2:- All the student must complete their worksheets as Periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.
3:- Read each and every topics (which will be given in worksheets) of the chapters from NCERT books.
4. All the students must purchase NCERT books as it will help you to understand the chapter.
5:- If you have any query related to worksheet, ask your queries in WhatsApp group between 8:00 am to 3:00 pm.

Revision worksheet

Do questions and answers

Q.1 Explain four characteristics of an entrepreneur.
Q.2 Define four factors that affects in communication.
Q.3 Differentiate between server and client.
Q.4 Mention two major uses of Internet.
Q.5 What are the benefits of using PowerPoint?
Q.6 What is absolute cell referencing? Explain.
Q.7 What is superscript and subscript?
Q.8 Why do you prefer visual communication? State any two reasons.

Note: - First learn all questions/answers then do answer all of these questions yourself in notebook.

PRACTICE WORKSHEET-64
SUBJECT – MATHEMATICS
CLASS – X
CHAPTER – 3
(Linear Equations in Two Variables)
SESSION - (2020-21)

Instructions to be followed: -

1: -From now onwards students do your worksheets in your particular subject notebook respectively. Don't use rough sheets, old copies or anything else. All the stationary shops have already opened. So, you can purchase it.

2: - All the students must complete their worksheets as Periodic test marks will be given to those who completes it else you will have to go through pen paper test after the school reopens.

3: - Read each and every topic (which will be given in worksheets) of the chapters from NCERT books.

4: - All the students must purchase NCERT books as it will help you to understand the chapter.

5: - If you have any query related to worksheet, ask your queries in WhatsApp group between 8:00 am to 3:00 pm.

1. Solve each of the following systems of equations graphically:
   $2x + 3y = 2$
   $x - 2y = 8$

2. Solve each of the following given systems of equations graphically and find the vertices and area of the triangle formed by these lines and the x-axis:
   $x - y + 3 = 0, 2x + 3y - 4 = 0$

3. Solve for x and y: $2x - y + 3 = 0, 3x - 7y + 10 = 0$

4. Solve for x and y: $0.4x + 0.3y = 1.7, 0.7x - 0.2y = 0.8$

5. Solve for x and y: $6x + 5y = 7x + 2y + 1 = 2(x + 6y - 1)$

6. Solve for x and y
   $$\frac{x + y - 8}{2} = \frac{x + 2y - 14}{3} = \frac{3x + y - 12}{11}$$

7. Find the value of k for the following system of equations has a unique solution:
   $5x - 7y - 5 = 0, 2x + ky - 1 = 0$

8. For what value of k, the system of equations $x + 2y = 5, 3x + ky + 15 = 0$ has no solution?

9. Find the value of k for which each of the following systems of linear equations has an infinite number of solutions:
   $kx + 3y = (2k + 1)$
   $2(k + 1)x + 9y = (7k + 1)$

10. Find the values of a and b for which each of the following systems of linear equations has an infinite number of solutions:
    $2x - 3y = 7, (a + b)x + (a + b - 3)y = (4a + b)$

REVISION WORKSHEET

Very Short Questions

Q1. What are the linguistic composition of Belgium?

a) 59% speaks French,40% speaks Dutch and 1% speaks German.
b) 59% speaks Dutch, 40% speaks French and 1% speaks German.
c) 50% speaks Dutch, 49% speaks French and 1% speaks German.
d) 70% speaks Dutch, 25% speaks French and 5% speaks German.

Q2. …………………………. Was started in Sri Lanka due to distrust between the two communities.

Q3. Sri Lanka is facing the problems because of supporting the Tamilians in the state.   True/False

Q4. The feeling of accommodation has led to the problem in Sri Lanka. True/False

Q5. How did the Belgians solve their ethnic problem? Mention two points.

Q6. List a few examples of environmental degradation that you may have observed around you.

Q7. The full form of PDS is

   I.   Private development system
  II.   Public department system
 III.   Pure domestic system
 IV.   Public distribution system

Q8. How is BMI (Body Mass Index) calculated?

LONG QUESTIONS

Q9. What was the reason of civil war in Sri Lanka? What was its impact on the country?

Q10. What does sustainability of development mean? How can sustainable development be achieved?

Q11. Distinguish between developed countries and developing countries.
